NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Don't know about the rest of you Piper fans but I am glad we have our open date out of the way now and can go back to playing again Friday night.

It seems likely that the open date came at a good time for us as it gave the coaching staff time to work on some of the problems that have shown up in the first two games.

After seeing what happened to the other teams in our district that did play Friday night it is probably just as well that we did take the night off. Hamlin and Haskell were the only ones that survived the week without getting beat and this just may only have been because they didn't play.

One thing for sure, the Piper's 6-6 tie with Clyde sure looks better now that Clyde has defeated Stamford 22-0.

I read in the Andrews paper where the new Andrews Head Coach Tommy Watkins gave his booster club a hard time about their attitude before the Andrews-Odessa High game. Odessa beat Andrews and Watkins blamed the loss on the attitude reflected by the community.

Watkins, a highly successful coach who won a state championship at Rotan and then went to Iowa Park where he built a powerhouse, said, "I think we gave out in the Odessa game due to a mental condition. They (his team) didn't think we were going to win."

Continuing, Watkins explained that he felt like the boys did not give their best efforts and that the mental condition was reflected in the second and last quarters when the boys felt that they were being beaten.

I saw in the paper last week that people were picking against the kids," Watkins said. "I think the article (referring to the Andrews County News Football Forecasts which had 83 entries and only 24 picking Andrews to win) is the wrong thing to do.

"I think they felt like the town people didn't think they would win and they didn't think they would win either due to a mental attitude.

"I want you to expect us to win," Watkins said.

In concluding the "hand spanking" Watkins made an appeal to the boosters to combat negative attitudes

Junior High Teams Split With Sweetwater

The Hamlin Junior High School football teams split a double-header with Sweetwater Tuesday evening. Playing at Sweetwater, the seventh grade team lost, 8-6, and the eighth grade won, 6-0.

Mack Lee returned a punt 70 yards for the seventh grade score and Delbert Thompson ran a sweep around his right end for 45 yards and the eighth grade score.

Pipers to Play C-City Friday

Following a week off, the Pied Pipers will take to the road Friday night to try on the Colorado City Wolves for size. While the Pipers will still be looking for their first win of the season the Wolves will be going for win number three out of four starts.

Piper fans and players took on new hope this past week when Clyde, a team that tied the Pipers 6-6, upset Stamford 22-0.

Class 3A C-City opened their season with a 14-0 loss to Class 3A Monahans, but then came back to defeat two Class 2A opponents, Coahoma, 27-18, and Ballinger, 15-12.

Running from the "Slot I" formation, the Wolves depend on the running of their big fullback, Russell Hertenberger, and their tailback, Melvin Jackson. Jackson is rated their

best running back and is the top Class 3A scorer in the area with 26 points.

REV. JACK GRAY
evangelist due here

Probably starters for the Wolves in the line will be Jerry Boyd, 175 pounds, at tight end; Tim Stansel, 205 pounds, at left tackle; Bill Dockrey, 165 pounds, at left guard; Mike Hallford, 210 pounds, at center; Everett, 190 pounds, at right guard; Gene Hunt, 215 pounds, at right tackle; and Randy Barr, 140 pounds, at split end. In the backfield will be Andy Guerrero, 153 pounds, at quarterback; Hertenberger, 180 pounds, at fullback; Jackson, 163 pounds, at tailback; and Lindsey, 135 pounds, at slot-back.

The wolves make four changes on defense replacing Everett, Barr, Lindsey and Guerrero with Clayton Salmon, 155 pounds; Visente Garcia, 142 pounds; John Ridge, 145 pounds; and Ricky Spann, 140 pounds.

P-TA Herald, Magazine Sale To Open Oct. 6

The annual Magazine and Herald Drive sponsored by the Hamlin Elementary Parent-Teachers Association will be held October 6-17.

Junior high students will be taking subscriptions to popular magazines through the QSP Magazine Program and subscriptions to the Hamlin Herald, weekly newspaper. Junior high and elementary students will both be selling Herald subscriptions.

This is one of the PTA's two main money raising projects of the year. The other project is the membership drive which ended Friday.

Mrs. James Wright, finance chairman, will be in charge.

Freshmen, JV's to Play Rotan Tonight

The Piper Junior Varsity and Freshmen teams will host Rotan here today (Thursday) with the Freshmen playing at 5:30 and the JV's at 7:30.

Last week's game between the two teams was postponed because of rain and will be played at a later date.

The local Junior High School teams will host Anson here Tuesday with the first game starting at 5:30.

First Methodist Church To Open Revival Sunday

Methodist Evangelist Jack Gray will be leading a revival in First United Methodist Church Sunday through Thursday of this week.

Through 20 years of pastoral experience, Rev. Gray has preached in 12 states and made a tour of Central America with the General Board of Evangelism.

He has been District Secretary of Evangelism in the North Texas Conference and has served on the Conference Board of Evangelism.

Services will be at 11 a.m. and 7 p.m. Sunday. The schedule of activities for Monday through Thursday include breakfast at 7 a.m.; Bible study at 10 a.m. and evening worship at 7:30.

The evangelist was born Jack Allison Gray, Jr. in McLean Apr. 13, 1931. He began school in Dumas and moved to Denton at the age of 10. He studied in Denton through graduation from North Texas State University in 1951 and later attended Perkins School of Theology of SMU receiving his degree in 1954.

His first pastorate was in Era-Spring Creek Churches near Gainesville. Other churches he has served include First Methodist at Grand Prairie,

associate pastor; DeSoto Methodist Church, and First Methodist Church in Lubbock. As Minister to youth at the Lubbock church the 519 youth of junior high, senior high and college age began calling him "Brother Jack."

He has served a church in Farmersville, Trinity Methodist in Denison, Cockrell Hill United Methodist Church in Dallas and became Conference Evangelist of the North Texas Conference in 1968.

Rev. Gray is a member of the Fellowship of Christian Athletes, is a private pilot, has coached and officiated at football, is a 32nd Degree Mason, an Eagle Scout and a Wood Badge Scoutmaster for four Scout Troops.

His wife is the former Revis Jordan of Lubbock. They have three children, Jordan, 14, Allison, 11 and Christy, 10.

The Rev. Johnnie Williams, pastor, said, "Brother Jack's greatest interest in the work of Christ is evangelism — winning lives to Christ and developing those lives until they are winning others." The pastor joins the congregation in extending an open invitation to all to attend these special services.

DR. SMITH DAY. . . AGAIN — The Hamlin Lions Club presented Dr. M. L. Smith a plaque of appreciation at its noon luncheon Tuesday. The plaque was ordered for "Dr. Smith Day" Thursday July 27, but failed to arrive in time and was presented to Dr. Smith Tuesday by Rev. Howard Jones. Looking at the plaque is Mrs. Smith who shared in the presentation.

FROM THE FILES . . .

FORTY-THREE YEARS AGO
(September 27, 1929)

Many questions have been asked lately about the T Diamond Lake, the latest addition to the water system of Hamlin. Its a good seven miles to the lake and when you get there you find that the recent rains have filled it to about 20 feet. The water is clear and pretty. It will perhaps be not very gyp for a year or so and maybe not then. This lake is strictly for the city and not for sporting. The city owns the lake but not the ranch in which it is located. Therefore it is not possible to get to the water except by a pass.

For several months the local theatres have suspended the Vitaphone pictures, but they will greet you again next week, according to Manager Ferguson. This week they have had the Palace shut down making improvements on the house and the new features of the talking machine. To hear an "all talky" picture is rare for a small town, but small towns now are demanding the modern things enjoyed by their big sisters and brothers.

The Intermediate Girls Auxiliary of First Baptist Church met Saturday afternoon. The purpose and duty of G. A.'s was discussed and officers were elected to serve until the annual meeting of the G.A.'s and W.M.S. in December.

TWENTY YEARS AGO
(September 26, 1952)

Stage is being set for the annual Style Show sponsored by the Hamlin Parent-Teachers Association, officials declared this week. It will be given Tuesday evening, September 30, at 7:30 o'clock in the Junior High School gymnasium.

Several Hamlin business men and civic organization leaders are scheduled to visit Haskell and Cisco within a few days to inspect the low-rent housing projects in those cities, with the idea of ascertaining the practicability of such a project for Hamlin.

Hamlin area's rain picture began to look a little better during the past several days, despite the fact that there was a dearth of moisture during crop making periods of the year that left the section almost without its usual crops of wheat, oats, cotton, maize and gardens. Rainfall for the month of September through Tuesday totaled 3.37 inches to bring the year's measurement to 10.24.

TEN YEARS AGO
(September 27, 1962)

The Hamlin Boys 4-H Club met last week with County Agent Kirby Clayton for the first organizational meeting of the new school year. Clayton explained the 4-H program to new members and held the election of officers.

More than 70 of the graduates of Hamlin High School have recently enrolled in Universities and Colleges.

A drive for new members is now underway for the Hamlin Parent-

Teachers Association. The students in primary, elementary and junior high buildings are securing dues for memberships and a prize will be given to the room in each of the buildings which gets the most memberships.

Seeking their fourth victory of the season, the Pied Pipers will travel to Cisco Friday night to tangle with the Lobos who will be going for their first win of the year.

Hollis W. Madden, manager of the Farmers Co-Op Gin of Neinda, was named president of the Mid West Cooperative Oil Mill at the organizations annual stockholders meeting held here last Thursday. The group also named Ernest Williams of Rule as manager of the Mill.

While the DePriest's faculty is enrolling 204 pupils for the 1962-63 school term, four of its last year graduates were enrolling in institutions of higher learning.

NEWS AND VIEWS . . .

And What Have You

—Continued from page one

seen around the community.

Evidently his appeal worked as his team came back this week and knocked off a strong Sweetwater team.

I suspect that this is a problem that we need to overcome here in Hamlin too. Too many times I suspect that the attitude of our fans is reflected in the attitude of our kids and we find ourselves beat before we ever take the field.

Incidentally, two former Hamlin coaches are now on the Watkins' staff at Andrews, Edd Farmer, who is freshman coach, and Earnie Reusch, who is the Junior Varsity coach.

If you are a boat owner it is possible that sometime in the future you may receive a request through the mail for a \$6 registration fee from the "United States Merchant Marine, Marine Registry." The USMM is a private organization and is not connected to any federal or state agency.

Our advice would be to throw the notice in the trash with all of the other junk mail you receive.

If you don't send your money in after the first notice you will likely receive a second notice in more imperative tones stating the importance of returning the forms and money immediately.

The private organization is located in Washington, D. C. and uses official looking stationery for its mailings to boaters.

The whole thing is apparently just another scheme to get your money, according to a news release from the Texas Parks and Wildlife Department. The scheme first showed up in Houston and a few have been received in Dallas now.

Neinda Philosopher Says Big Cities Need Help, But There's No Future In It

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One explains high finance this week, we think.

Dear editor:

I don't know whether it'll work or not, but as I understand it the Democrats and the Republicans are trying to finance their campaigns by spinning each other.

First the Democrats sued the Republicans for a million dollars after the bugging incident at their headquarters, then the Republicans sued the Democrats for two and a half million for suing them, and at the last count the Democrats had re-filed their suit and upped their figure an extra two million.

As the campaign gets hotter and expenses mount, both parties ought to keep raising the ante so that when the race is over each will collect from the other enough to pay all the bills, less the lawyers' fees.

Some people think this doesn't make sense but that's because they aren't up on modern financing.

Take revenue sharing. As I understand it, the cities are all clamoring for Federal aid, saying they can't meet their bills and may go under without it. Washington is therefore considering dividing part of its revenue among them, when actually it hasn't got anything to divide; it's already operating in the red and running on borrowed money.

But that's beside the point in modern financing. The way you do it is simple: go ahead and write the checks, just so you don't exceed the statutory debt ceiling, and the way to stay within the ceiling is to keep raising it.

Understand, I'm not opposed to helping the cities, although I don't see much future in it. They may be in the same shape farmers were. Small, family-

size farms were marginal, the experts used to say, and they ought to go under, let the big farms take over, they're more efficient. Small towns are marginal, they said, the future lies with the big cities. Well, some of the big farms, like the big cities, aren't doing so well.

Russia for example is just one big farm and you know where she's buying her wheat.

Yours faithfully,
J. A.

Holiday Lodge Services Set

The First Baptist Church Mexican Mission will be in charge of the Sunday afternoon worship service at Holiday Lodge this week.

Two special hymns are planned. Rev. Herman Martinez, pastor, will give the sermon.

ESSENTIAL TOO!

The boys on the field are carrying the bulk of the game, but all the boys on the bench are eagerly awaiting their opportunity to get in the game. Some will get to play, others won't, yet each is essential to the team. During practice each week their efforts help build a better team.

To function properly, a church must work as a team. The Pastor and his associates carry most of the load. Many others are needed to help train and teach, or do many other tasks. However whether or not you can serve the Lord in some capacity, *your presence* in the worship services does help you and others too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Jack of All Trades—

Robert Pearce Is Receiver Now for CFL Roughriders

By VERLE ENGLERTH
Abilene Reporter News
Sports Writer

SASKATCHEWAN, Canada—It's a long trip from Hamlin, Tex., to Saskatchewan, Canada, but for former Pied Piper Robert "Bob" Pearce it has been worth the effort.

A 1965 graduate of Hamlin High School, Pearce is now the starting split receiver for the Saskatchewan Roughriders in the Canadian Football League.

From Hamlin Pearce turned to Cisco Junior College where he played football for a year and a half before transferring to the University of Texas at El Paso, and then on to Stephen F. Austin University for his junior and senior years.

He was second team All-District at Hamlin his junior year before being sidelined with injuries his senior year. At Cisco he was named Junior College All-American quarterback and garnered NAIA All-America honors as a quarterback at SFA.

Pearce was a running back and defensive halfback at Hamlin. "I never played quarterback until I was in college," recalled Pearce.

The Big Country now has two former college football standouts playing in the CFL—Pearce and Jim Lindsey, now with the Calgary Stampeders and a former Abilene Christian College All-American.

And it stands to reason that Pearce and Lindsey have become the best of friends.

"I heard that Jim was finishing some courses at ACC this summer and called him up," said Pearce. "We got together and worked out for a couple of months after that (April-May)," added Pearce. "I even went with Jim to his hometown of Sweeney this summer."

Lindsey and Pearce have something else in common. In 1969 they were named Co-All-Texas Quarterback.

Pearce actually started his pro career with the Minnesota Vikings as a defensive halfback. "I was drafted in college by Saskatchewan and the Vikings," said Pearce, "but I finally decided to go to Minnesota."

He said he stayed with the Viking until the final cut. That was in 1970.

"When I got cut I called Saskatchewan to see if they still wanted me," Pearce noted.

His first year in the CFL saw the 5-11, 185-pounder playing in the offensive backfield as a running back, but then he was switched to a defensive back in 1971. "This year I'm the split receiver and also the punting," he said, emitting a muffled laugh.

Apparently the Roughriders have Pearce where they now want him—at least for the time being.

He was leading the CFL in pass receiving until a month ago when he suffered a pulled hamstring muscle.

"I missed four games and just got back into the lineup last Sunday against Edmonton," Pearce said. "I couldn't run the good fly patterns yet, but I still managed to catch four passes for 50 yards."

To date Pearce has 400 yards on 29 receptions and five of those have gone for TDs.

The former Lumberjack was the offensive leader for SFA in 1969 when he won All-America honors. He led his team to a 7-3 record and the NAIA team total offense crown. He completed 121 of 236 passes that year for 2,104 yards and 19 touchdowns.

Breaking those statistics down, Pearce led the 1969 SFA team to an average of 501.3 yards gained per game in which he personally gained an average of 249 yards per contest. This figure is further broken down to show he gained 38.6 yards a game on the ground and 210.4 through the airways.

The Canadians, who have come to love professional football and the quality athletes they have, are beginning to hear a lot of the 25-year-old.

Wayne Overland, a columnist for the Edmonton Journal, recently wrote of Pearce.

"If one of the Roughrider players is seen lugging the water bucket tonight at Clarke Stadium, don't be surprised. It will be Bob Pearce."

"So far Pearce has done everything for the Roughriders except take a turn in the office secretarial pool. And if they asked him, he'd probably turn out to be the fastest typist in Saskatchewan."

Roughrider coach Dave Skrien says of Pearce:

"Defensive halfback is probably Pearce's best position, but we need more speed at wide receiver, so that's where he plays right now."

Pearce runs a 4.5 40.

Quarterbacking is still a position Pearce yearns for.

"We started Pearce at quarterbacking in training camp," adds Skrien, "but after a week we stopped working him there. The guy is trying to learn the plays for three others positions right now and we didn't want to overburden him."

And Pearce says of possibly becoming the Roughrider QB in the future:

"I have the opportunity to quarterback when Ronnie (13-year veteran QB Ronnie Lancaster) retires. Now I just play where they need me. I'm pretty sure they'll keep me at split end now since I've done a pretty good job."

As for staying in the CFL, Pearce adds:

"I like the CFL. It's good football and kind of grows on you. I'll probably stay now."

After this year Pearce will need only two more to qualify for the CFL pension plan.

The high school nickname Pied Piper certainly applies to Pearce and his bid to make it good in the CFL. He's a recognized leader now.

Milton Davis Signs Contract With Steelers

Milton Davis, a 1968 graduate of Hamlin High School, was signed on Tuesday with the Pittsburgh Steelers. He is the son of Mr. and Mrs. M. P. Davis of Perryton, former Hamlin residents, who notified friends here Tuesday.

Davis was drafted by the Kansas City Chiefs earlier and after his cut had returned to school at the University of Texas at Arlington. A starting linebacker for the Steelers was hurt and Davis was asked to report for workouts two weeks ago.

He was told that he had made the team in a defensive linebacker position and the contract was signed Tuesday.

Hightower Heads Top Committee

State Senator Jack Hightower of Vernon has again been appointed to head up the powerful Administration Committee for the Texas Senate.

Hightower, a veteran legislator from District 30, has chaired this committee since 1967.

A Vernon attorney, Hightower was also named to the Finance Committee, its Subcommittee on Appropriations, and the Natural Resources Committee.

Hightower received his committee appointments Wednesday (Sept. 20) during the 4th called Session of the 62nd Legislature. Under the new Senate Rules, Senate members may only serve on 3 committees, and the number of standing committees has been reduced from 27 to 9.

Old Glory

by Bernice D. White

The Stonewall County Unit of the TSTA met recently at Old Glory School. The main business was the election of delegates to District and State meets.

O. G. Supt. Dalton Gill and County Supt. George Rhoads were elected delegates to the District Meet to be held in Snyder Oct. 16. Joe Searcy of Aspermont, president of the unit will be delegate to the State Meet at El Paso in the Spring.

The school staff will have an In-Service Day at the District meet Oct. 16. Students will have a holiday.

Mr. and Mrs. Weldon Norman are now on a Farm Bureau sponsored tour of Africa. The trip includes stopovers in London and Rome, the Nile River area, the famous Treetop Hotel in Kenya, and other East African countries. The Normans reside in Rule, but Mrs. Norman teaches 5th and 6th grades in Old Glory School. The Normans have been on several tours in the past few years, including Europe and South America. Their color slides and comments on return from these trips have been very interesting to some of us "rocking chair" tourists.

Weldon Spitzer, son of Mr. and Mrs. Garrett Spitzer, was home from Lubbock this week

visiting with them. He is a student at Texas Tech in Lubbock.

Judy White and Don McDonald of Lubbock were dinner guests in the home of her mother, Mrs. Bernice White, last Sunday evening.

BEEN ON A TRIP? That's news, call the HERALD.
